Standby Power Bids Will Be **Heard Monday**

gram for the municipal water & light plant to cost approximately 3 million dollars was outlined in detail last night at a special meeting of the Hope city council attended by mem bers of both the retiring and in coming administrations.

The proposal, to replace events unily the entire electric generating system, was contained in a 332 page report prepared on the city's order by Burns & McDonnell Engineers incering Co. of Kansas City, spec-ialists in the problems of municipal electric plants, a firm that was founded in 1898.

The local survey had been made by R. E. McDonnell and Loc K. Stump, and was presented porsons ally last night by Mr. Stump in an four-hour session.

Hope's present generating units are: One for 1,500 KW, two for 1,000 KW each, and one for 500 KW, this last machine being obsolete and uninsurable, it was

solete and uninsurable, it was agreed last night.

The expansion proposal is to replace these units and expand plant capacity in a series of four "jumps," the respective jobs to be completed in 1953, 1958, 1968, and 1972. At the end of the final period the municipal plant installation would consist of four new goner ators with the following especities 2,500 KW, 3,000 KW, 4,000 KW, 5,000 KW, Some additional extraction would be required or in present building site to be added equipment.

occupied. Charles T. Meyer's success has not been easily or cheaply won. He sustained a disastrous fire and later a destructive tornado, but these crushing blows failed to crush his spirit. All plants have not succeeded at first but he never left a town. If circumstances were a gainst him, he just made it harder for the circumstances. During the early thirties, his, like many another business, was hanging on by a thread, his hind wheel was down and his axle dragging, He was broke but he just wouldn't give up! His love for the South, its people

and his belief in the tuture was the motivating power to overcome the many hardships and obstacles that repeatedly lay in wait for him -people like his products, and to everyone --- grocers, distributors and customers, he is genuinely grateful, for to meet his still growing demand, the baking of more than a million loaves a week is now required.

Meyer's Bakery is a human institution. It has a soul, and a real interest in the more than total hundred employees now working in the Meyer's plants. For their welfare he has inaugurated many employee benefits, including payroll savings plan, group life insurance. hospital benefits. He has encouraged home ownership among his employees.

The interests of the man behind this great baking institution are wide any varied. His generosity is proverbial for he gives of both time and means. For years Charles T. Meyer has been active in his church, where he is president of the board. He is a community and civic leader, having helped with causes and projects too numerous to mention. He has served as president of the Community Chest and for many years as director of the Arkansas Children's Home and Hospital He is a past president of the Lions Chib; past president of the Arkansas Bakers Association. and has represented the state and Nation as a director of the American Bakers Association, as well as the Southern Bayers Associatica. Approximately 28 regular, yeararound employes are paid some \$2,400 per week or \$124,800 per year. All of these employes live and work in the 8 county district. In Hempstead, Clark, Columbia, Howard, Lafayette, Nevada, Ouachita and Pike counties some 600 retail outlets are served daily by the Meyer's Bakery in Hope, The new plant is fully capable of

producing 57,600 loaves of bread a 24-hour period, assuring the district of all of its baking needs. Friday, November 16, from 2 p.m. to 10 p.m. the plant will be open to visitors from the 8-county district. Everyone is invited to inspect Hope's newest and most mod-

The Meyer's Baking system is owned and operated by Charles T. Never, Sr. and his son, Charles T. Meyer, Jr. The first plant was opened 40 years ago in Little Rock. In this period five other plants have been opened at Pinc Bluff, Blytheville, Jonesboro, Texarkana and Hope, - making Meyer's Bakeries a truly Arkansas industry that serves Arkansans.
